## CORPORATE PRESENTATION

### Tradition, Science & Nature since 1969

**Vitality Group** is a Spanish corporation with over 50 years of experience in the high-end cosmetics and professional beauty sector. Founded in 1969, our history is one of constant evolution: from our origins in master formulations to becoming an international benchmark in natural and scientific cosmetics.

Our philosophy is based on the **perfect fusion of nature and biotechnology**. We research the purest botanical active ingredients and enhance them with the most advanced science to create products that not only beautify but also treat and respect skin health.

### Our Pillars:

- **In-house R&D:** Research, Development, and Innovation laboratories dedicated to the pursuit of excellence.
  - **Certified Quality:** Compliance with the strictest European regulations (GMP, ISO).
  - **Sustainability:** Respect for the environment in our processes and raw materials.
  - **Global Presence:** We export the concept of beauty and well-being to markets worldwide.

## OUR BRANDS

Vitality Group covers different market niches through its specialized brands, meeting all the needs of both the professional channel and the final consumer.

### 1. THALISSI

*Natural and Holistic High Cosmetics (Since 1969)*

Thalissi is the soul of our company. With over half a century of history, it represents cosmetics in their purest state. Its exclusive formulas combine essential oils, botanical extracts, and marine active ingredients in high concentrations.

- **Focus:** Global well-being, aromatherapy, and natural care.
- **Star Product:** High-purity facial and body oils (e.g., Queen of Egypt).

### 2. Alissi Brontë

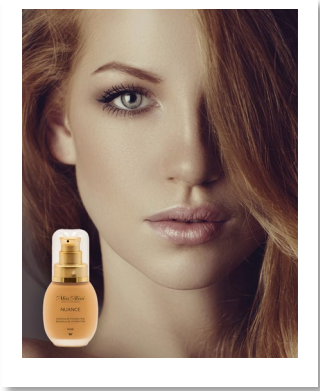

NATURAL LUXURY COSMETICS

*Scientific High Cosmetics (Since 1981)*

Alissi Brontë is the scientific answer to beauty. This brand unites the power of nature with the most advanced biotechnology. We develop "intelligent" formulas with active ingredients such as Hyaluronic Acid, 24k Gold, or Pearl Powder, designed to offer visible and long-lasting results.

- **Focus:** Anti-aging treatments, regenerators, and specific solutions for skin problems.
- **Differentiation:** Proven clinical efficacy with natural ingredients.

### 3. MISS ALISSI

*Intelligent Makeup with Treatment*

Miss Alissi redefines the concept of makeup. It is not just about color; it is about health. All our makeup products are formulated to treat the skin while beautifying it, allowing it to breathe and stay nourished throughout the day.

- **Concept:** "Makeup that cares for you."
- **Range:** Foundations, lipsticks, and powders with moisturizing and protective active ingredients.
