NEW SEASON
GARDEN

The table is one of the most important places associated with the warmth of the hearth and shared moments with loved ones, which is why it deserves a special setting. Our passion for a stylishly set table turned into a passion. Thanks to it, we wanted to create something unique so that others can enjoy the beauty of this piece of furniture, regardless of the season, occasion and interior style.

Every detail matters, which is why at Roseberry Home we refine the details with the utmost care. Our tablecloths, placemats, napkins and bows are sewn and embroidered in Poland. For production, we use e.g. Italian, Spanish and Belgian natural fabrics of the highest quality.

In our sewing and embroidery rooms, most of the products are sewn and finished by hand, which is why each element of the collection is unique. Our table decorations come from very distant parts of the world from carefully selected producers for whom quality is important. We want our products to make your moments at the table unforgettable.

Our collections are created firstly in our imagination. We treat the table as a canvas on which we paint colorful stylizations. The basis of each collection is a tablecloth, to which we match the colors and patterns of our placemats, napkins and napkin decorations.

For our clients we can create unique collections, custom products in different sizes, embroider monograms or prepare table arrangements for different types of events.

We kindly invite you to contact us,

TOILE DE JOUY BLUE

The cotton white fabric of the tablecloth presents a famous motif Toile de Jouy, decorated with idyllic French genre scenes. The motif is inspired by the ways of having fun at the court of Queen Marie Antoinette and shows how the aristocracy spent their free time on picnics, pretending to be shepherds and shepherdesses. The Toile de Jouy Blue tablecloth is finished with a stylish border in the form of a blue piping, and its corners have an elegant rounded finish. Blue placemats and napkins add an elegant touch. Velvet bows in the form of alabaster white add charm to the whole arrangement.

CARE INSTRUCTIONS

Our linens are made with the finest natural fibers. They will last for many years, with a proper care.
All of our products are packaged with care instructions, and all have sewn-in labels with universal laundering symbols.

Roseberry Home Products and recommended care methods	Laundry and cleaning	Drying	Ironing	Additional information
Tablecloths and runners	<p>We recommend the tablecloths and runners to be washed <u>by hand or in a washing machine</u> at temperatures up to 30°C in the delicate washing mode, while exercising special care.</p> <p>Dirt from tablecloths can be spot removed with a soft, damp microfiber cloth or sponge.</p> <p>Do not use fabric softeners, brighteners, or bleaches to clean dirt from tablecloths.</p> <p>We do not recommend chemical washing of tablecloths.</p>			The fabrics shrinkage is about 3% -6%.
Embroidered napkins and placemats	<p>We recommend the napkins and placemats <u>to be washed by hand at temperatures</u> up to 30°C, while exercising special care.</p> <p>Dirt from napkins and placemats can be spot removed with a soft, damp microfiber cloth or sponge.</p> <p>Do not use fabric softeners, brighteners, or bleaches to clean dirt from napkins and placemats.</p> <p>We do not recommend chemical washing of napkins and placemats.</p> <p>To maintain the stiffness and freshness of napkins and placemats, we recommend the use of starch.</p>	<p>Tablecloths, napkins, and placemats should not be tumble dried, wrung, and spun.</p> <p>Tablecloths, napkins, and placemats to dry can be laid out both vertically and horizontally.</p>	Tablecloths, placemats, and napkins can be ironed up to 100°C on the back side, preferably through another fabric.	<p>The fabrics shrinkage is about 3% -6%.</p> <p>In the case of napkins and placemats - due to their predominant natural composition - in the process of their use, local fraying of the edges of the fabric may appear.</p>
Acrylic coated placemats	<p>We recommend the napkins and placemats <u>to be washed by hand at temperatures</u> up to 30°C, while exercising special care.</p> <p>Dirt from napkins and placemats can be spot removed with a soft, damp microfiber cloth or sponge.</p> <p>Do not use fabric softeners, brighteners, or bleaches to clean dirt from napkins and placemats.</p> <p>We do not recommend chemical washing of napkins and placemats.</p>		Placemats should not be ironed.	The fabrics shrinkage is about 3% -6%.
Bows	<p>We recommend that the bows <u>should not be washed in a washing machine or chemically.</u></p> <p>Dirt from bows can be spot removed with a soft, damp microfiber cloth or sponge.</p> <p>Do not use fabric softeners, brighteners, or bleaches to clean dirt from bows.</p>	Bows should not be tumble dried, wrung, and spun.	The bows should not be ironed.	<p>The fabrics shrinkage is about 3% -6%.</p> <p>The fabrics are fire retardant.</p>
