More than a business matchmaking event: a window to the world.

Bolivia to the World (BPM) is the leading international business matchmaking platform organized by the Chamber of Exporters, Logistics and Investment Promotion from La Paz (CAMEX), Bolivia.
Since its launch in 2021, BPM has evolved from a fully virtual initiative into a high-impact hybrid platform. Today, it serves as a strategic hub where Bolivian exporters, international buyers, development cooperation organizations, and key international trade stakeholders come together.

Tradition and Modernity in Every Bolivian Thread

Objective

To promote the fusion of ancestral traditions, the use of natural pigments, artisanal techniques, and innovation in design and craftsmanship, thereby establishing a unique identity that transcends borders and connects culture with contemporary fashion.

Activities

The Path to Internationalization

The event unfolds across four strategic stages designed to maximize visibility and business opportunities:

1. Opening Ceremony & Export Showcase

October 22

Official opening ceremony with government authorities and members of the diplomatic corps. Includes an inaugural tour of the export showcase, offering participants a firsthand look at Bolivia's innovation and export potential.

2. International Conferences

November 16,17,18

A technical learning forum led by industry experts, covering market access, regulatory requirements, and consumer trends.

3. Virtual Business Matchmaking (The Business Engine)

November 23,24,25,26

A virtual B2B networking platform that connects Bolivian companies with buyers from around the world. Its purpose is to foster international trade promotion and create tangible business opportunities.

4. Closing Ceremony, Export Showcase & In-Person Networking

December 3

The event concludes with an open export showcase and an in-person networking session designed to strengthen strategic partnerships and present the business opportunities generated during the event.
