VINOLIVE 2008 SYMPOSIUM (With International Participation)

**OBJECTIVE & SCOPE**

The symposium will be organized in order to support olive, olive oil, wine production technology and viticulture sectors scientifically, technically and financially as well taking a very strategic role in development which already has a significant effect on the culture of all countries and particularly our country. The objective of the symposium will be ameliorating the Vinolive Fair with seminars consisting of the international experts' papers.

This symposium is organized by İZFAŞ (İzmir Fair Services Culture and Art Affairs Trade Inc.), National Olive and Olive Oil Council (UZK), Chamber of Food Engineers, Chamber of Chemical Engineers and Chamber of Agricultural Engineers of the Union of Chambers of Turkish Engineers and Architects (UCTEA) where Aegean Region Chamber of Industry (EBSO), Izmir Chamber of Commerce (İZTO), Izmir Mercantile Exchange (İTB), Aegean Exporters' Associations (EİB), Wine Industry Association and Union of Grape Producers will be contributing with their knowledge and experience.

We are cordially inviting you to participate and contribute with your invaluable proposals for the success of this event.

29 MAY - 01 JUNE  
2008

VINOLIVE / 5<sup>th</sup> WINE, OLIVE, OLIVE OIL and TECHNOLOGY FAIR & SYMPOSIUM

The VINOLIVE / Wine, Olive, Olive Oil and Technology Fair, now in its fifth year, being the most effective platform for the sector of wine, olive and oil producers, offers both its exhibitors and visitors the opportunity to get in direct contact with these sector representatives along with the production technology specialists.

VINOLIVE develops to be one of the most efficient fairs in the region by gathering together the sector's leading trademarks and producers with the professional visitors.

We will be looking forward to welcoming you in this great meeting of the Mediterranean tastes and technology in the beautiful city of Izmir, the capital of the Aegean Region the heart of the wine grapes, olive and olive oil production.
