URBAN TURF SOLUTIONS PTY LTD

URBAN LIVING

The Urban Turf Solutions synthetic lawn range has been designed to suit today's modern lifestyle providing a luxury surface which is child and pet safe.

The benefits of Urban Turf landscaping products include;

- A manicured lush green lawn all year long.
- A no fuss lawn which no longer requires mowing or watering.
- Reducing allergy triggering pollens.
- Reducing turf infesting insects such as ants and the lawn beetle.
- Eliminating dirt and grass clippings being carried into the house and pool.
- Child friendly.
- Pet friendly.

Urban Turf Synthetic Lawns are always green and do not require mowing or watering. Our products are made with only the highest quality materials. Our Queensland owned & operated manufacturing plant provides peace of mind that our service will not be beaten. Enhance your lifestyle and property by contacting one of our customer service people on (07) 3382 7260 or email info@urbanturfsolutions.com.au. We will arrange for an onsite prompt free quote to install one of our fantastic Urban Turf Synthetic Lawns at your home.

URBAN RECREATION

Urban Turf Solutions also offers a great range of sports and recreational surfaces such as Tennis courts, golf putting greens and bowling greens for the home, school, community facility or sports club. Again free prompt onsite quotes are available by one of our professional team to discuss your requirements and assist with design, layout and project management.

Imagine the value that would be added to your property and the enjoyment that can be had with your very own sports surface to practice your putting, tennis serve or bowling on. Enhance your lifestyle and property by contacting one of our customer service people on (07) 3382 7260 or email info@urbanturfsolutions.com.au.
