TAMARA FERNÁNDEZ
Marketing & Research

We are an Argentinian company first established in 1997. Our core business is trading agricultural food products. Our proficient team supports a synergic structure that provides customized service to all of our suppliers and customers around the world. Reliability and well reputed work built through the years compel us to improve the quality of our service every day, providing competitive bids and trade figures which are essential at the time of booking business. Our constant participation in International Exhibitions hosting our own booth and our regular visits to our customers, ensure and nourish our tailored service.

NOTES
