Increase of water consumption in Poland

Within the next two years mineral water will become the most popular beverage in Poland. At present, water consumption is the highest in the Western Europe countries.

evita

- abounding in nutrients enriching healthy diet
- natural water, which may be consumed without limits by people of every age
- perfectly quenching your thirst and refreshing
- the shape of the bottle fits perfectly in your hand
- bottled in Biskupiec in Warmia and Masuria region of ecologically clean lakes and forests

Polish people are paying more attention to what they drink and how many calories and minerals are provided this way to their bodies.

evita minerals

Low-sodium. Moderately mineralized. Perfect proportion of calcium to magnesium.

CATIONS		ANIONS	
magnesium Mg ²⁺	14,58 mg/l	bicarbonate HCO ₃ ⁻	311,19 mg/l
