Geoff Searl

NOTHING BEATS HANDS ON EXPERIENCE

Geoff Searl is a man who knew what horse enthusiasts were looking for. That's why he created Oakwood's Leather Conditioner some 25 years ago. Geoff knew the value of caring for saddle leather, and if well looked after, it could last a lifetime. He also knew that riders wanted something that was simple to use.

OAKWOOD TODAY

From those humble beginnings the Oakwood brand has continued to innovate and grow its product range. Today the business operates across multiple categories and is led by Geoff's three sons who continue to deliver on his vision.

FROM SCONE TO SHANGHAI

Founded in Scone, the Horse Capital of Australia, Oakwood Products are now widely available right across the globe through some of the world's leading retailers in Australia, New Zealand, USA, China and Europe.

HOUSEHOLD

Our range of specialist household surface care products have been designed to leave your much loved leather couches, timber cabinets, stone benchtops and stainless steel appliances simply looking their best. Easy!

AUTOMOTIVE

We spend more time in our cars today than ever before. Oakwood's integrated complete care system will leave your leather, upholstery, fabric, vinyl, plastic and glass looking amazing with a range of truly professional products for the automotive enthusiast.

SHOE CARE

Natural beats nasty every time. That's why we use a blend of ingredients such as carnauba wax and lanolin to provide superior scuff coverage and natural dyes that will preserve your leather shoes and accessories while also giving you a brilliant longer lasting shine.

PET CARE

Keep your furry friends happy with our pet care range. From filthy beasts to bad hair days we have an Oakwood product to suit even the fussiest family member including the Everyday range of shampoo and conditioner, medicated shampoo, flea control solutions and grooming products.

SADDLERY

When well looked after, your expensive saddlery, tack gear and leather riding accessories can last you a lifetime. That's why Oakwood has developed a range of products that clean, condition and maintain your leather – just three simple steps.

SPECIALIST PRODUCTS THAT MEET SPECIALISTS' NEEDS

Over 25 years of research and achieving the highest performance standards in surface care has taught us one thing – that every surface is unique. The leather in your home compared to the leather in your car, your saddle and even your shoes, are very different things. This applies to a wide range of other surfaces as well like wood, stainless steel, stone and more. That's why we have developed a range of specialist products to meet the specific needs of these surfaces.

THE PERFECT FINISH MADE SIMPLE™

**Oakwood's knowledge and expertise
makes achieving professional results easy.**

We make our products as easy to understand and use as possible.

From informative packs to the latest online help and resource centre, our customers are secure in knowing that they have the right product for the right job – products made by professionals that make people feel like professionals.

ASK AN OAKWOOD EXPERT

Oakwood experts and ambassadors are available online to provide information about Oakwood's products and also tips and advice on how to keep all surfaces looking their best.

PRODUCTS DESIGNED TO LEAVE YOUR HOME LOOKING ITS BEST

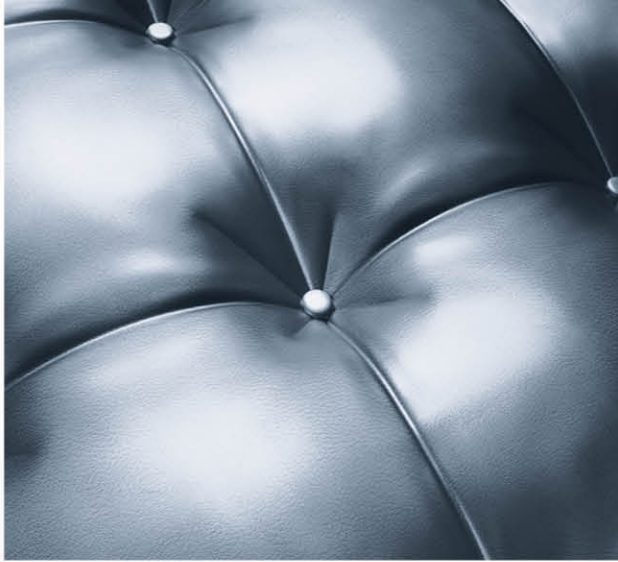

There is no one size fits all solution when it comes to household surface care. Oakwood have specialty products designed to clean, maintain and protect every surface in your home. From couches to cabinets, Oakwood products are simple and easy to use, perfect for busy people who want the best.

EVERY HOUSEHOLD SURFACE HAS ITS OWN CHARACTER

Complex surfaces need special attention. For many, like leather and wood, there is no one single product that can provide the perfect treatment. An effective cleaner will strip moisture from the surface, and an everyday wipe won't penetrate like an effective cleaner can. That's why true professional care requires experience, expertise and a unique approach to make sure your cherished items keeps that 'like-new' look.

LEATHER

Leather is an organic surface. Just like your skin, it needs to be cleaned, moisturised and maintained to look its best and last the test of time.

STONE

Granite, marble and reconstituted stone is a much loved surface for the home, but it is subjected to heavy use, dirt and grease that can become a problem. The right care will ensure it stays in great condition for longer.

STAINLESS STEEL

Some cleaning agents can be harmful to your precious stainless steel appliances and surfaces, which need a gentle but effective clean and protection against fingerprints and everyday marks to provide that perfect, like new shine.

WOOD

Timber is such a naturally beautiful surface, but without the right care it can easily fade and deteriorate. Just like leather it needs to be cleaned, moisturised and maintained to look its best and last the test of time.

FABRIC

Lounges, carpets and other fabric surfaces in the home can be subjected to the human body, food, pets and in some cases, cigarettes. Protecting your fabric will maintain a pleasant appearance and odour.

HOUSEHOLD COMPLETE CARE SYSTEM

CLEAN

Our intense deep cleaning formulation ensures your leather and wood is cleaned of in-ground dirt, grime, oils and impurities.

CONDITION

Our conditioning formulation nourishes the leather and wood, restoring its suppleness, natural texture, lustre and prevents it from deteriorating.

MAINTAIN

Our maintenance formulation cleans and protects the surface of your leather and wood, protecting against further wear, while leaving a lustrous finish. Ideal for everyday use.

FOR YOUR CAR
.....

PRODUCTS THAT MEET PERFORMANCE EXPECTATIONS

There are a variety of surfaces within your car. Your exterior is subjected to heavy dirt and road grime while the interior surfaces of your car are more prone to fading and dehydration due to heavy use, wear and UV exposure. We spend more time in our cars today than ever before. The right products will leave all of your car's surfaces looking 'like new' and protect your investment.

TRUE PROFESSIONAL CARE NEEDS PROFESSIONAL PRODUCTS

We spend more time in cars today than ever before – and so does Oakwood. You see, we've studied and researched all the surfaces in your car to understand their specific needs in developing a range of products that will give you the perfect finish made simple.

LEATHER

Say goodbye to faded and cracked leather seats. Just like your skin, leather car seats need to be cleaned, moisturised, protected and maintained to look their best and last the test of time.

VINYL

The vinyl dashboards, headrests and trimming in your car can quickly lose their shine, colour and start to crack if they are not cared for properly.

FABRIC

Body odour, food, pets, cigarettes – fabric car seats and carpet come into contact with many things. Protecting it will maintain a pleasant appearance and odour.

GLASS

The interior and exterior of your car is subjected to heavy dirt and road grime. Glass windows and mirrors are no different, requiring an effective cleaning with a perfect streak free appearance.
