PHARMACEUTICAL PRODUCTS AND SERVICES

About us

ELEPHANT company is privately owned company founded in 1988. Today we are among the leading companies in the field of dietary/food supplement manufacturing services, sales and marketing of dietary/food supplements under our own brand Strong Nature and we are also one of the leading suppliers of hard gelatin capsules, pharmaceutical packing glass and pharmaceutical machines to the Serbian pharmaceutical industry.

Our company has partnerships or is involved in business relations with companies from more than 20 countries worldwide. This network provides us with answers to all demands and inquiries in record time.

In 2002 ELEPHANT company have opened its own production facility in Belgrade where we produce STRONG NATURE dietary supplements as our main brand and at the same time we perform manufacturing services for more than 30 different companies from Serbia and the region. ELEPHANT company offers full service to its clients – development of the product from the formulation definition to the final product package design.

Company sectors

Strong Nature – dietary supplements brand

Contract manufacturing services

Pharmaceutical industry supplying

Vision /

Our vision is to become regional leader in dietary supplements manufacturing, sales and marketing, to be seen as the leader in terms of quality, product portfolio range and as a company that constantly expands on new markets.

Mission /

Our mission is to create high quality products, blockbuster brand names that will be recognized by consumers. Our mission is to promote a healthy way of living with due regard to both the ancient and modern scientific knowledge about Nature that surrounds us. Our mission is defined in the name STRONG NATURE.

A STRONG NAME FOR A STRONG AND HEALTHY FAMILY

Quality policy

ELEPHANT has systematically upgraded its business by introducing ISO 9001:2008 standard with HACCP which integrated the quality control system and the control of critical points in all production processes. Our company was certified by the renowned German company TÜV BAYERN SAVA-GERMANY.

Halal certificate /

ELEPHANT company offers contract manufacturing services and products according to Halal standard. Our company cooperates on this field with Islamic Community of Serbia.

Strong Nature

STRONG NATURE brand was established in 2002 with main goal of the production of top quality dietary supplements, coordinated with needs and life style of the modern people.

Today, **STRONG NATURE** is among the leaders on the domestic market in the category of dietary supplements sales and marketing with over 60 products portfolio in various pharmaceutical forms (tablets, hard and soft gelatin capsules, tinctures and oils, powders).

Export markets /

Among the market of Serbia, **STRONG NATURE** products can be found on the markets of Hungary, Slovakia, Czech Republic, Slovenia, Azerbaijan, Bosnia and Herzegovina, Montenegro and soon on the market of Russian Federation. In this moment **STRONG NATURE** products have more than 60 product registrations in EU and 5 in Russian Federation.

Strong Nature supports its representatives and distributors thru:

KNOW HOW – in production, marketing, sales and regulatory issues concerning the products.

FLEXIBILITY – by promptly actions on partner or market demands. Being a manufacturer and having a network of top and reliable suppliers give us opportunity to be fast and act fast.

DESIGN and PRODUCTION center – we have our own design center and production of TVC's. We are providing to our partners possibility of the production of various types of promotional materials and TVC's.

PRODUCTS DOCUMENTATION/DOSSIERS – we are providing all necessary documentation for product registration according to regulatory body guidelines.
