

INDUSTRIAL SALT: Himalayan Natural Rock Salt also offers salt for ice control / snow melting at very competitive prices. It is readily available and easily to store in polythene bags. Advantages of using salt over sand or salt-sand mixtures - Salt is the most economical deicer.

SALT TILES

Rock Salt Tiles, Bricks and Blocks can be used to build salt caves for Speleotherapy, Spa, Gyms and Yoga rooms and to decorate receptions and fire places as well. A salt brick may be placed in front of a wick, lamp or any other source of light. Salt tiles are available in all required sizes as per demand.

We have unique advantage in getting excellent quality being close to the source of **Himalayan Rock Salt** mountain range.

Our Strength: We assure quality control at each step of production. We use the best Himalayan Rock Salt of the world with an excellent source of negative ions to honor our Moto along with analysis from the recognized laboratory .
