Bring Your Wardrobe Back to Life!™

**Bring Your Wardrobe Back To Life!**

Gleener®, The Ultimate Fuzz Remover is a patented and award-winning household product that offers a better solution for tackling fuzz and lint from different kinds of fabrics. What makes Gleener® unique is the **Safe Edge System™**—three specially designed, fabric-sensitive edges that allow you to quickly and safely get rid of fuzz balls and pills from almost any kind of fabric, fiber or knit. No batteries, no tears or pulls, no hassle!

- **Edge 1** is for large, bulky pills commonly found on wool and acrylic sweaters and coats.
- **Edge 2** is ideally used for medium sized fuzz balls found on finer wools such as cashmere and merino. It is also highly effective on acrylics, polyesters, synthetic blends and fleece too.
- **Edge3** is made for delicate, fine pilling such as cotton and silk blends usually found on t-shirts, scarves, and shirt collars.
- Gleener® also has a **lint brush** for convenience!
