

Talia 

Advanced Mineral Skincare
100% Natural Fragrance

Heaven's Dew in every drop

The word "**Tal-ia**" means "Heavenly Dew", which moisturizes, nourishes and naturally reaffirms its purposefulness for sustaining youth...beauty...life.

Likewise, my skin rejoices as I become **Talia** – becoming one with Nature. As I embrace Dead Sea nutrients and Nature's own nourishment in my skin and enjoy the reflection of youth in my face, my whole being feels elevated.

The potent potion slightly warms and nurtures my skin and my body feels a soft tingle...something is transpiring and I feel the energy running through me, a feeling of peace, health and renewal. This powerful sensation of inner beauty and harmony with Nature is uplifting, transcending. I feel natural, yet out of this world. This is my metamorphosis, my transformation. I am **Talia**.

Natural. Healthy. Beautiful

Proven Science Nature's Best

Talia's Natural Skincare products are powered by Result Proven Peptide Technology & Active Minerals in every drop! **Creating luxury, naturally scented products which are highly effective yet genuinely healthy.**

Without the use of any synthetic fragrances or harsh chemicals, our clean formulas are created with 100% natural, delicate fragrances derived from essential oils, making them original, genuine skincare products that bring results and are gorgeously pleasurable to use.

100% Delicate Natural Fragrance

A woman needs skincare she can trust. Talia's Advanced Mineral Skincare is the solution.

Talia Skincare has managed to raise the standards of the skincare market for healthy yet highly effective skincare products.

Genuine Clean & Healthy Products

Healthy & effective products which combine unique bio-complexes which incorporate clinically proven biotechnologies, essential botanical blends & unique mineral composition. The entire range is 100% skin-friendly, yet highly efficient in maintaining skin's health & beauty.

Talia's Products Feature

- 100% Natural Fragrance! (No synthetic fragrance or perfume!)
- Advanced Bio-Complexes & Clinically Tested Peptide Technologies.
- Unique Mineral Composition & Marine-Derived Antioxidants.

“Beauty should not come at the cost of healthy skin”

Mr. Eran Windman
CEO & Founder

“I made a conscious decision to create skincare products that I feel safe giving to my loved ones, knowing that every drop used is pure and safe yet highly effective”.

Talia Skincare was founded by Eran Windman, a passionate young biologist specializing in Phyto Science –the use of plant by-products for medical and health benefits. It was Windman’s vision to create sustainable effective skincare products that focus on visible results but at the same time they do not compromise on a healthy experience.

By using Nature’s healing powers with the most advanced medical research, **Talia** is able to formulate products that are safer, more effective than ever and genuinely healthy.

We explore Israel’s exquisite bio-technology and unique natural surroundings developing high-performance 100% skin-friendly products that focus on visible results without compromising on a healthy experience.

“Along with my professional team & our guiding Dermatologist Dr. Marina Landau, we wanted to empower our entire skincare line with the optimal essence of our unique natural surroundings alongside proven science.”

A laboratory setting with glassware and a beaker containing green tea leaves. The background is slightly blurred, showing a metal stand and other glassware. The foreground features a large glass beaker with a white logo and text, containing green tea leaves and water. To the left, a glass flask is partially visible. The overall scene suggests a scientific or health-related experiment.

Keeping Loyal To Our Three Values:

 **Be Natural**

 **Think Healthy**

 **Look Beautiful**

100% Skin-Friendly

Our focus has been to create a brand that works that is also 100% skin-friendly & safe.

Talia has invested extensive time and resources to identify **High-Performance, Bio-compatible Alternatives to the synthetic ingredients** so often found in skincare products.

No Perfume

No Synthetic Fragrance

By using the methods of **Science in Harmony with Nature**, **Talia** is able to formulate products that are Safer, more Effective and genuinely Healthy.

All **Talia's** formulations are developed with a **Natural content varying between 98.5% to 100%**.

The entire range of **Talia** Skin-Care is 100% Skin Friendly, free of any petrochemical or harsh synthetic ingredients maintaining skin's health and beauty.

0%

**Talia's products
are completely free of:**

Parabens, Synthetic Fragrance,

Glycol, GMOs, Mineral Oils, Synthetic
AHAs/BHAs, Nitriles, Nitrates,
Elastomer, Poloxamer, Styrene,
Vinyl, Polyquaternium,
Synthetic Chelating
Agents, Nylon.

R&D of Beauty

Talia's R&D efforts are based on its expertise in Phyto-cosmetology:

- Knowledge of plants, their composition, and benefits of their key active ingredients.
- Mastery of finding the appropriate dosage of active ingredients in order to achieve excellent skincare.
- Combination of natural extracts, creating synergies and amplification of the effectiveness of all key active ingredients.
- Each natural extract contains key active ingredients that perform a specific action.

Relying on our expertise in phyto-cosmetology, we focus on plant-based alternatives for synthetic ingredients, which work in perfect harmony with the skin's natural biology and are safely metabolized by the body.

Talia's R&D team and labs are part of the world's most innovative and leading labs, using recently developed novel Peptide technologies and exclusive high performance bio-complexes for quick and long-lasting results.

Our formulas comprise unique bio-complexes, developed by Talia's R&D team, exclusively incorporated in Talia's skincare.

Starting with the process of carefully selecting natural ingredients, based on their therapeutic benefits, Talia's dedicated team of biologists and chemists conducted in-depth research into the effects when naturally-potent ingredients, in their purest forms, are mixed in optimal combinations.

A close-up photograph of a pink flower's stamens, showing the delicate, elongated filaments and the small, brownish anthers at their tips. The background is a soft, out-of-focus green, suggesting a natural setting. The lighting is soft, highlighting the texture of the petals and the fine details of the reproductive parts.

Exclusive Bio-complexes

The Company's R&D team invested years of research and multiple resources to develop Talia's unique bio complexes, which are hailed as effective in defying the aging process, especially of facial skin. Based on advanced and clinically-proven bio-technologies, concentrated active botanicals and a unique composition of active Dead Sea minerals, these high performance bio-complexes enable quick and long lasting results.

All of Talia's products contain high concentrations of clinically-proven active ingredients, to achieve impressive and noticeable results, as well as provide unique resolutions for specific skincare challenges.

Each of the formulations has been scientifically and medically evaluated and approved for their dermatological and medical benefits, as well as their complete safety.

Deep-Hydration & Reduction of Visible Expression Lines

Hydro-Balancer™

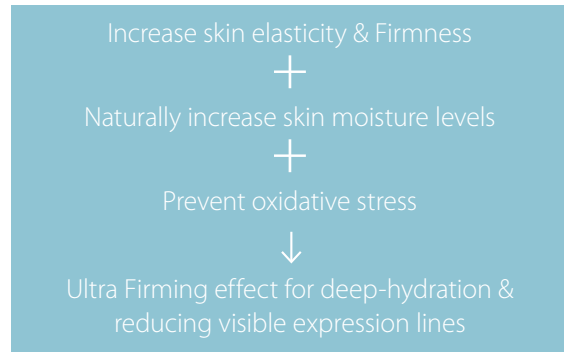

An advanced bio-complex which targets both young and mature skin types, combating visible expression lines by deeply moisturizing and firming the skin while providing powerful antioxidant protection.

Its unique synergy of Dipalmitoyl Hydroxyproline (a clinically-proven biotechnology), naturally derived Hyaluronic acid, marine-derived antioxidant Carotenoids and Active Dead Sea elements, including one of Nature's most potent antioxidants, act simultaneously on three main skincare needs: naturally increasing skin moisture levels, improving skin's elasticity and preventing oxidative stress.

- Increases Natural Moisture Levels: delivers rapidly-absorbed moisture to the skin enabling it to appear younger, smoother and more radiant.
- Triple Skin-Firming Action: naturally firms the skin

and increases elasticity by scientifically targeting the early signs of aging.

- Powerful Antioxidant Protection: contains high concentrations of Nature's most powerful antioxidants which provide the ultimate antioxidant blend to battle environmental aggressors and damage from free radicals.

Total Anti-Aging Program

Age-Defying LightTec™

An advanced anti-aging bio-complex which combats 3 main skincare concerns: skin pigmentation, deep wrinkles & oxidative stress.

This clinically-proven anti-aging bio-complex incorporates novel biotechnologies, unique active botanical blends and essential naturally-derived vitamins and minerals, to maximize the skin's natural renewal system and help fight the signs of aging.

- Reduces Deep Wrinkles: scientifically delays the aging process of the skin by slowing cell proliferation which prolongs the lifespan of the epidermis and stimulates collagen synthesis.

- Reduces Skin Pigmentation Disorders: drastically improves uneven skin tone by decreasing pigmentation induced by the natural aging process and external causes.
- Powerful Antioxidant Protection: contains high concentrations of natural antioxidants which provide a strong antioxidant blend to fight off environmental aggressors and free radicals damage.

Complete Eye Care Solutions

Talia's complete eye care solutions incorporate our exclusive Hydro-Balancer™ and clinically-proven Peptide-technologies to provide two effective and long-lasting eye care results:

Reduction of dark circles & eye puffiness

Soy & Hydrolyzed Rice Peptide: this clinically-proven Peptide technology consists of specially purified natural soy and rice Peptides to visibly reduce under-eye dark circles and eye puffiness, improve skin texture and to protect and strengthen the delicate skin under the eyes.

Toning & tightening of the skin around the eyes

Sesame Peptide: this clinically-proven Peptide technology is designed to provide immediate tightening and smoothing of the skin around and under the eyes.

Research Nature - Develop Beauty

All of Talia's bio-complexes are infused with the most active and potent complementary botanical extract composites therefore enhancing the active properties of each bio-complex to reach maximum effectiveness.

Mg
12

Magnesium

Vital for maintaining and repairing healthy body cells, slowing the skin aging process, and maintaining skin's elasticity and moisture levels.

K
19

Potassium

Contributes to new cell growth, regulating water balance in the body and recuperative powers. As a result, potassium has a significant impact on skin rejuvenation, hydration and glow... all significant beauty parameters.

Ca
20

Calcium

The most abundant mineral in the human body. Skin benefits include cell renewal, antiaging through better resistance to wrinkling, environmental and free-radical damage.

Na
11

Sodium

Improves the skin's metabolism and fights free radicals, thus slowing the skin's aging process.

Br
35

Bromine

Detoxifies, relaxes and soothes the skin; may provide relief from allergic symptoms.

Talia's Unique Mineral Composition

Over 21 rare essential minerals, Magnesium, Calcium, Silica, Sodium and Potassium are all known for their healing and therapeutic benefits, including healing rheumatic diseases, invigorating the blood system, stimulating cell renewal and nourishing the top skin layer, thereby increasing it's moisture levels.

Mineral Hand Cream Treatment (100 ml e 3.4 FL. oz)

Quickly absorbed Shea butter hand cream contributes to healthier hand-skin conditioning.

Key Active Ingredients

- **Shea Butter & Hyaluronic Acid** - Elevate skin moisture levels and provide deep nourishment, resulting in smoother skin.
- **Citrus Power Blend** - Orange, Mandarin, Litsea.
- **Dead Sea Minerals** - Promote cell renewal activity by nourishing and hydrating the top skin layer with increased moisture capacity.
- **Vitamin B5** - Maintains moisture beneath the skin surface, naturally imparting to the skin a firm, supple appearance.

Benefits

- Leaves skin with a clean, non-greasy feeling.
- Nourishes skin while elevating moisture retention.

ORDER
9510043

Mineral Body Cleanser - Natural Citrus Zest (200 ml e 6.8 FL. oz)

Luxurious Cleanser Gel gently exfoliates body skin without depleting moisture.

Key Active Ingredients

- **Willow Bark Extract** - a natural source of salicylic acid. Willow Bark Extract enhances skin cell turnover as it gently exfoliates & purifies the skin.
- **Active Minerals** - Promote cell renewal & nourish the skin surface, improving moisture capacity.
- **Citrus Power Blend** - Orange, Mandarin, Litsea.

Benefits

- Deeply cleanses and gently exfoliates body skin.
- Cleanses and nourishes skin, without depleting moisture levels.
- Stimulates and leaves skin feeling fresh.

9510024

Mineral Body Lotion - Natural Citrus Zest (250 ml e 8.45 FL. oz)

Skin-toning, light-weight body moisturizer, formulated to revive and restore skin's elasticity.

Key Active Ingredients

- **Organic Shea Butter** - Elevates skin moisture levels and provides deep nourishment, resulting in smoother skin.
- **Hyaluronic Acid** - Naturally-derived Hyaluronic acid regulates skin moisture levels.
- **Marin-Derived Extracts, Dunaliella Salina & Laminaria Seaweeds** - are potent natural sources of antioxidants, vitamins & proteins, contributing to more youthful and toned skin.
- **100% Natural Citrus Fragrance** - Fresh citrusy scent of orange and mandarin blossoms set a refreshing, luxurious mood.

Benefits

- Gives skin an incredibly silky feeling and a younger, smoother appearance.
- Absorbed quickly, leaving skin with a clean, non-greasy feeling.
- Provides antioxidant protection against free radicals.
