EXPO & FORUM  
**SMART ASIA Taiwan**

JULY 26-28, 2018

TAICHUNG INTERNATIONAL EXHIBITION CENTER (TCIEC)

**Book Your Space Now!**

**S**MART ASIA Taiwan, the premier international exhibition and forum for smart city solutions and urban development, is coming to Taichung, the heart of Taiwan. We're calling for exhibitors and sponsors, so sign up now and get worldwide exposure to world-class visitors!

Organized by the Taiwan External Trade Development Council (TAITRA), the 2018 exhibition will focus on three themes and canvass 11 exhibition areas. It will showcase cutting-edge solutions such as Machine Vision (MV), Cyber-Physical System (CPS), Industrial Robot, Smart Storage, Mobility as a Service (MaaS), Electronic Toll Collection (ETC), Field Monitoring System (FMS), Telecare, Electronic Medical Record (EMR), RFID Smart Labels, Smart Street LED Lighting, Energy Management System (EMS), Access Control System, and more, with an emphasis on the latest technology trends from the fields of sensors, controllers, Internet of Things, Artificial Intelligence, 5G, blockchain and more.

The exhibition is expecting the participation of thousands of attendees representing companies, governments, and research and academic institutions from all over the world, who are searching for exciting and innovative technologies. We will arrange tailored one-on-one trade meetings for individual exhibitors & buyers and host seminars & forums exploring the challenges and opportunities of smart city development.

Don't miss out on this great opportunity to showcase your latest products, services, and solutions!
