We've been told our location is nothing short of stunning.

ABOUT US Founded in 1999, family-owned Maryhill Winery is the answer to an entrepreneurial dream shared by owners Craig and Vicki Leuthold who saw great potential for a winery in the Columbia River Gorge National Scenic Area. Maryhill is perched on the northern side of the Columbia River, against the stunning backdrop of Mt. Hood, in the Southern tip of the Columbia Valley.

Today, Maryhill is one of Washington state's largest and most-visited wineries. The year round appeal draws more than 75,000 guests to Maryhill annually, while the region as a whole continues to gain recognition as an emerging wine destination.

In November 2017, Maryhill celebrated the grand opening of the first satellite tasting room in the Kendall Yards neighborhood of Spokane, Washington. The newly built space encompasses 5,000 square feet and features 180-degree views of downtown Spokane and the Spokane River. This location offers the same world-class wine tasting experience as the winery.

OUR WINEMAKING

Maryhill Winery produces 80,000 cases annually, partnering with 12 growers and 23 unique vineyard locations in 8 of Washington State's 14 major American Viticultural Areas (AVAs), making it a true representation of the state's wine. Throughout the year, Winemaker Richard Batchelor works closely with local growers to collaborate on growing practices. During harvest Batchelor frequently visits each vineyard to taste for maturity and ripeness - determining the precise moment to handpick each varietal.

Maryhill is known for its use of a wide variety of grapes to create truly affordable and approachable wines, which showcase the impeccable technique and artistry of the growers who produce them. Batchelor's passion, skill and discipline as a winemaker has been widely celebrated, but he humbly claims that a major factor in what comes out of the bottle is what is delivered from each vineyard.

As a fully functioning winery, Maryhill includes a state of the art bottling line and processing facility, a fully-staffed professional laboratory, a barrel room which houses 2,000 90%+ French oak barrels, a cross-flow filter and glycol heating and cooling on all tanks. Maryhill employs a permanent cellar staff of 9 including the winemaker, cellar supervisor, an Enologist, as well as a lab assistant and cellar staff. During harvest, Maryhill's staff increases to 18, including international interns and seasonal crew.

Maryhill's site has always been rich with history and potential, but it took the vision of Craig and Vicki Leuthold to turn it into a destination winery.

OUR STORY The area surrounding Maryhill Winery is steeped in rich history – from the Great Missoula floods which created a terroir perfect for growing grapes through its deep, relatively low nutrient and well drained deposits to the entrepreneurial spirit of millionaire attorney and road pioneer, Sam Hill who sought to create an independent farming community named after his wife, Mary, and in turn, built what is now the home to a world-class cultural institution known as the Maryhill Museum.

Nearly a century later, Craig and Vicki Leuthold channeled the same entrepreneurial spirit and set out to fulfill their dream of producing premier Washington wines. Originally hailing from Spokane, Washington, Craig and Vicki Leuthold saw great potential for a winery in Goldendale, Washington – located at the Southern tip of the Columbia Valley appellation where the area's warm climate, rich Missoula floodplain soil and steady breezes make it an ideal site for growing wine grapes.

In 2000, the Leutholds began construction on their winery production facility and tasting room just west of Maryhill Museum on a bluff overlooking Gunkel Vineyard, one of the state's oldest and most established vineyard sites. The Gunkel family has successfully farmed the fertile lands surrounding Maryhill for three generations, growing world-class wine grapes used by the Leutholds and many other Washington state wine producers today.

In May 2001, Maryhill Winery opened its doors as a true destination winery, known for its diverse portfolio of exceptional quality and affordable wines, as well as the stunning landscape, a world-class summer concert series and tournament-quality bocce courts. In 2012, the Leutholds completed the expansion of the winery to include an exclusive Reserve Tasting Room to showcase library, small-lot varietals and blends and single-vineyard wines.

Named "2018 & 2013 Winemaker of the Year" by Indy International Wine Competition, "2015 Pacific Northwest Winery of the Year" by Wine Press Northwest, "2014 Winery of the Year" by San Francisco International Wine Competition, "2009 Washington Winery of the Year" by Wine Press Northwest and "Best Destination Winery" by Seattle Magazine, Maryhill produces over 30 varietals to craft over 50 award-winning wines distributed throughout the United States. The family-owned winery welcomes more than 75,000 visitors per year and has more than 3,500 members in its wine club.

Maryhill wine is a social joy that is meant to bring people together, not set them apart.

From Albariño to Zinfandel, our wines are the perfect example of the affordable quality and diversity available from Washington's AVAs.
