

Labelled pallet
netwrap

 **AMA-NET**

Smart
pallet netwrap

Discover AMA-NET™

Many years of research, testing and work on improving the manufactured products have allowed us to create the strongest pallet netwrap. This is how AMA-NET™ was created - the best net available on the market for securing transported products. Almost transparent, yet very needed. Your products deserve the best protection.

AMA-NET™ has no equal

AMA-NET™ combines the highest quality raw materials, advanced technology and a unique production process. These are tens of thin fibers that, when combined, form the strongest net on the market. Thanks to its structure, it holds the load in the right position. AMA-NET™ is a technologically advanced product that provides the best performance.

The best structure on the market

With shared future in mind

AMA-NET™ is produced from the best quality raw materials that are fully recyclable. By segregating waste and throwing it into a suitable container, you can give a second life to plastic products. Think about your future and your loved ones today.

Do you know that ...

... in the production of AMA-NET™ we use only raw materials approved for contact with food and NSF certified vegetable oil. You play mindfully with us.

Specification

Use	Roll width	Roll length	Paper core	Roll diameter	Roll per pallet	Pallet dimension	Number in carton
manual	500 mm	500 m	50 mm	12-12,5 cm	288	85x120x225	8
manual	500 mm	500 m	76 mm	12-12,5 cm	216	85x120x225	6
manual	500 mm	1000 m	50 mm	14-14,5 cm	192	104x124x210	4
manual	500 mm	1000 m	76 mm	14-14,5 cm	192	104x124x210	4
automatic	500 mm	3000 m	76 mm	22-23 cm	72	105x120x200	-
automatic	500 mm	3500 m	76 mm	23-24 cm	72	105x120x200	-
automatic	600 mm	3500 m	76 mm	23-24 cm	72	120x120x190	-

At the Customer's request, we can make a customised pallet netwrap.
