

Simple | Natural | Sustainable

ORGANIC FOOD PRODUCTS FROM SRI LANKA

Who we are

Our Mission

Simply developing healthy food habits together to inspire modern life wellness.

To manufacture **natural** products using the latest processing techniques, under strict quality guidelines, with a clear focus and dedication towards our strongest perceived stakeholder: the planet.

Ensuring **sustainable** income streams for the local farmer community by empowering them to engage in organic and natural agricultural practices whilst uplifting them to international standards certifications.

Our Vision

To be the most trusted and reliable tropical organic food solution provider whilst ensuring a sustainable growth to our stakeholders guaranteeing a fairtrade approach..

Simple | Natural | Sustainable

Our Story

Planet's Pick is designed with a dream to deliver planet-friendly products in the simplest and most natural form. It is our hope that this small effort initiated by us will promote and establish sustainability within a community that is enriched by healthy consumption habits and an eco-friendly attitude towards life and nature

In a world where farming, manufacturing and consumption happen against the goodwill set out by our mother nature, Planet's Pick thrives to be the difference.
