COMPANY PROFILE

Jaindi exports Pvt Ltd is a well reputed, Large-scale Coconut based food & beverages manufactures/Exporters incorporated in 2003 at Mawathagama, Dankotuwa in Sri Lanka. We produce Organic, Fairtrade foods & beverages under **ECONUTRENA** brand.

OUR VISION

Is to provide you the best natural coconut products to make comfort your life style processing the delicious products rich in nutrients with no additives achieving global customer satisfaction. And produce high quality products protecting the natural nutritional compositions while following the environmental friendly manufacturing processes.

CAPABILITIES AND CERTIFICATIONS

Jaindi Exports Pvt Ltd exports processed products in the forms of bulk and the consumer packs to Europe, North America, Japan, Australia, Germany, Netherland, and all other developed countries under the different local and international certifications such as below. we are currently working for IFS standard.

- BRC • EU • USDA • JAS • FAIR TSA
- FAIRTRADE INTERNATIONAL • ISO 22,000 • GMP • HACCP
- KOSHER • HALAL • FDA • BSCI • ICS • CONTROL UNION • SGS

100% ORGANIC

We play a major role in Organic food industry as a processor and exporter of quality products while fulfilling the requirements of buying partners. We assure you that our products are 100% organic because we maintain the estates from where we take raw nut & ensure you the organic quality from the beginning of the seedling to the final nut.

WE PREFER FAIR TRADE

We take Fair trade organic raw nuts from SOFA (Small organic farmer's association) which is the best small coconut farmer organization in Asia. We have fair trade (FLO) and fair TSA also.

NUTS FROM OUR OWN COPIOUS LANDS

We maintain large 100% organic coconut estates controlled under our company ICS, Ensure you the quality from the beginning of the seedling to the final product. We follow traditional pest control methods for our estates to make a better organic and environmental friendly process.

QUALITY & LABORATORY FACILITIES

We have newly introduced Microbiology laboratory with all the testing facilities related to our product testing with well-trained qualified staff. We have chemical laboratories and in line testing laboratories controlled under the well trained and qualified staff for protect the high quality of the products.

We maintain the quality with the GMP, ISO 22000, HACCP certifications and BRC. Currently working for the IFS standards. And our skillful Research and Development staff always provide you the best service to reach your requirements and give you a quality service. we have already developed many R & D products.

OUR PRODUCTS

We offer you the high quality products to make easier

and much comfortable your life styles. **ORGANIC VIRGIN COCONUT OIL, ORGANIC COCONUT WATER, ORGANIC KING COCONUT WATER, DESICCATED COCONUT, ORGANIC COCONUT CREAM, ORGANIC COCONUT MILK, ORGANIC CREAMED COCONUT, ORGANIC COCONUT BUTTER, ORGANIC COCONUT OIL, ORGANIC COCONUT FLOUR, ORGANIC COCONUT CHIPS, ORGANIC REFINED OIL.**

AT JAINDI EXPORT

Jaindi export is strengthened with highly experienced, professional and capable management staff of 32 and around 250 skilled operational staff.

We use modern technology in all our processing units and some are being automated for them betterment of our consumers.

Most of our processing lines are expanded recently and have extra capacities for the generating demand. Also, we have more space to expand our processing lines.

We recently introduced new automated filling lines for our productions.

We maintain a eco-friendly factory premises with availability of own Bio Filtration waste treatment plant to treat the water without using chemicals ..

éconutrena

ORGANIC & FAIR TRADE ASEPTIC COCONUT MILK & CREAM

Best used in beverages and other liquid applications as it allows convenient processing. Used in manufacture of Ice Cream, Confectionary, Yoghurt, Beverages and Pina Colada. Used as a flavoring ingredient in Bakery products, Curry food sauces and condiments. A non-dairy creamer in the preparation of Coffee and Chocolate Beverages.

Pressed and processed fresh coconut is commercially sterilized using the latest sterilization technique called Direct Culinary Steam Infusion to preserve flavor and creamy texture at the most rigorous hygienic standards.

2L, 20L, 200L and 1000L packs are available

Ingredients - Coconut Kernel Extract & Water, with and without permitted stabilizers.

Shelf life - 12 months unopened from date of manufacture.

Fat - 18% - 24%

Aseptic Bag In Box

ORGANIC & FAIR TRADE ASEPTIC COCONUT WATER & KING COCONUT WATER

Aseptic Bag In Box

Coconut Water is obtained by the extraction of the liquid contained inside the selected Coconut fruits from the palm tree *Cocos nucifera*. Processing consists of e-husking of the fruits, followed by pairing and splitting the fruit to collect water. The water is filtered, UHT processed with latest Danish technology and aseptically packed, to retain the goodness and freshness of coconut water.

2L, 20L, 200L and 1000L packs are available

12 months from date of manufacture.

Can be consumed directly or used as a base of range of drinks.

Store under normal room temperature of 28-34^o C. (82-93^o F)

ORGANIC COCONUT SUGER

Ingredients - Organic coconut sap

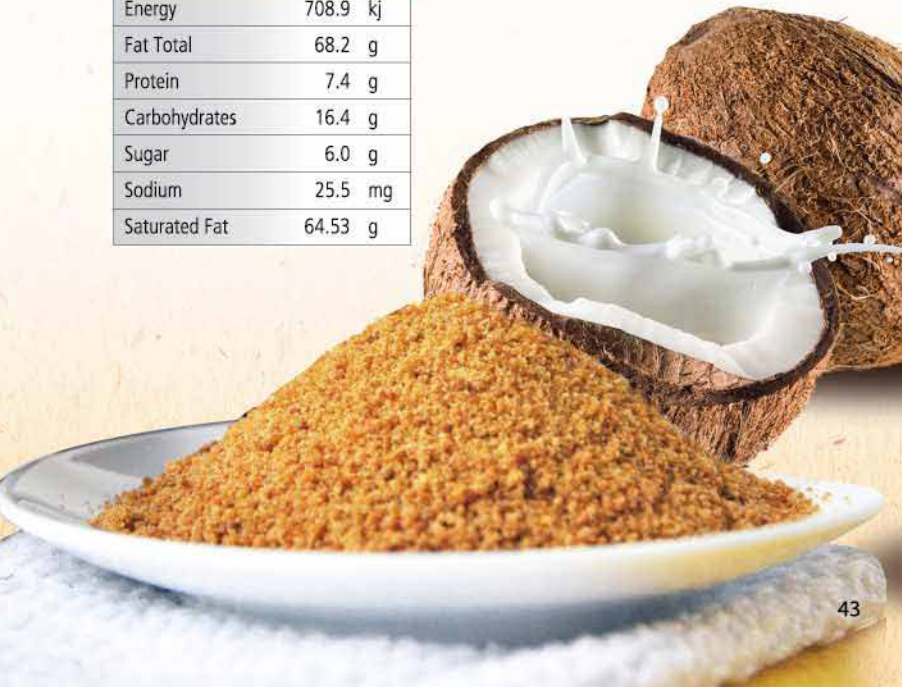

Original Coconut Sugar is produced from the sweet sap of coconut flower blossoms. Coconut sugar is a healthier sweetener than highly refined cane sugars and has a subtle flavor that blends coconut and caramel. This unrefined sugar, is a one-to-one replacement for cane sugar, making it an ideal alternative for refined sugars and artificial sweeteners.
