Company Slogan – “A Taste made just for you”

About our Company

Moreish Products is Sri Lankan-made 100% natural spices and cereals-based production company. We specially produce high-quality value-added spices and cereals-based products.

We use the latest technology for crushing & blending spices and other cereals-based products. All products that come to you from the house of Moreish Products are manufactured & packed under stringent hygienic, health and safety conditions.

The high quality of our packing techniques ensure that our products retain the goodness and the aroma until the pack is opened. We employ an eco-friendly packing method using paper tubes and paper bag (budget pack) packing.

Our primary market is Sri Lanka, while the demand and trust in our products in the foreign market is rapidly expanding. Our priority is Sri Lankan community, but we have a higher demand and trust among the foreign market too.

All Moreish products are available at leading super markets and grocery stores island-wide. Our products are also available for purchase via our online store. The Moreish team is always ready to deliver our products right to your doorstep.

About our Products

Our company has introduced export quality product range to the market as follows.

Cinnamon – C5 Special Grade – 100g

Cinnamon – Alba Grade –100g

Black Pepper – 85g

White Pepper – 85g

Cloves – 100g

Cardamoms – 25g

All of our spice products use GMP certified ingredients and we are 100% ensure that we do not add any flavors or preservatives for any reason.

There is also several packaging that we use to deliver our products to the customer and they are as follows.

- Paper Canister package
- Paper Bag package
- Plastic (PET) Bottle package

Moreish Products

A taste made just for you

Our products are available under any of these packages and may vary in price depending on the type of package. We also introduce the paper bag package as a budget packet.

Paper Bag Package (Budget Packet)

Plastic (PET) Bottle package

Also, all the packaging used for our spices packaging is made using ingredients that do not harm the safety of the food in any way and every package is eco-friendly.

All of our product packages are eco-friendly and designed to be stored on rack as straight. Also this allows customers who purchase our products to keep them on the shelf in their kitchen and use them as same. Also, each of our packages is uniquely designed to beautify our customers' kitchens. Furthermore, the primary packaging of our products is also manufactured using biodegradable polythene. (NatureFlex)

Our products are also available as a gift pack. We also have been introduced our product line to the market as one of the best products with value to gift to a friend.

We are flexible enough to adapt our products and their packaging to buyers who wish to purchase our products in bulk and we offer our products to them under their brand name or company logo. We already sell our products to LAKSALA under their brand name and logo.
