

by DARIIA DAY

ABOUT THE COMPANY

By Dariia Day is a silk collection dedicated to beauty created by international fashion makeup artist Dariia Day. Our silk pillowcases, eye masks, sleepwear and accessories improve sleep quality and enhance beauty. Our company produces the highest quality products possible and focuses on hand-crafted finishing. We take pride in every detail, including elegant and luxurious gift packaging, to ensure that our clients feel pampered and enjoy the wide range of benefits our miraculous natural silk offers.

Did you know that we spend one-third of our life sleeping, yet most of us still sleep on cotton, whose rough surface rubs our delicate skin and hair, causing damage and dehydration?

The choice of pillowcase has a big impact on our beauty. Our unique Silk collection is hypoallergenic, resistant to dust mites, soft, smooth and less absorbent than cotton. The delicate structure of silk stimulates skin sensory points and adapts to temperature for a better nights sleep.

by DARIIA DAY

BIOGRAPHY

Dariia Day is a top makeup artist and beauty expert who works across the globe with biggest names in fashion. At the young age of 16, Dariia dedicated herself to her craft and has never looked back. Today, she consults for and collaborates with top international beauty brands, has done numerous

Vogue covers, and is in demand by celebrities. Her beautiful editorial work is showcased in magazines such as Vogue Paris, Vogue Italia, Vogue UK, Numero Paris, Vanity Fair, and Elle - among many others. A social media maven and content creator with an entrepreneurial streak, her incredible adventure in fashion and beauty allowed her to discover one of the best-kept beauty secrets: the silk pillowcase.

“Good sleep habits are the key to your well-being and beauty. I created by Dariia Day because I truly believe in the beauty power of silk. I want to help you improve the quality of your sleep and the condition of your skin and hair. Discover our silk collection to take better care of yourself and celebrate your beauty.”

Dariia Day

VOGUE

PARIS

“Silk pillowcases by Dariia Day: a new beauty gesture to have beautiful skin and perfect hair. Soft, natural and non-irritating silk material.”

Benefits

Beauty sleep isn't just a myth. If you dream about getting better sleep and waking up looking more refreshed and radiant, it's as easy as a small change in your nighttime routine. Sleep on a silk pillowcase created by international makeup artist Dariia Day, which will help you to improve the sleep ritual that is key to maintaining health and beauty.

For your comfort

Our silk pillowcases and eye masks are exquisitely soft, well-designed and able to retain a comfortable temperature. Made from the highest quality, pure 25 momme Mulberry silk, our pillowcases will turn every night of sleep into a luxurious and relaxing experience.

For better sleep

Our dermatologically-tested silk pillowcases and eye masks are soothing and gentle, ideal for sensitive skin. The smooth surface is an anti-ageing wonder, reducing the formation of creases from sleeping that can lead to wrinkles. A great complement to any beauty routine.

For your skin

The combination of our silk pillowcase and eye mask helps you relax more deeply, falling asleep with greater ease. Silk balances your senses, calms the nervous system, and stimulates many sensory points of our skin, enhancing the quality of your sleep, whether nestled in your own bed or while travelling.

For your hair

Hair glides across the smooth surface of the pillowcase, reducing friction that often causes damage like split ends or, worse, hair loss. It can also help your hairstyle last longer.
