

The background features a world map with glowing blue lines and dots representing global connectivity. The lines are curved and connect various points across the globe, symbolizing international trade and communication. The map is rendered in shades of blue, with the continents appearing as darker silhouettes against a lighter blue background.

INCONNECTION I&E

International Trader

OUR COMPANY

Through InConnection I&E we are a family business dedicated to the commercial representation of our suppliers in the export and marketing of all kinds of argentinian's products in the world; providing advice and comprehensive support at the corporate level to both our suppliers and our customers in all their requirements.

We base our work philosophy on the long-term relationships, becoming strategic partners of the companies with which we work and enabling the opening and expansion of their products to the world market.

For the optimum performance of our activities, we have more than 30 years of experience in the products we work with and we have the support of ProMendoza, ProChile and the argentinian's consulates in the world.

OUR PRODUCTS

- Bottled wine
- Spices, condiments and snacks (packages)
- Dried fruit mix (packages)
- Wheat flour (packages)
- Skinless roasted peanuts (packages)
- Balanced food for pets
- Kitchen batteries
- Eco-friendly bags for wine
- Safety clothing

For fractional/packaged products, we offer white labels and our own brands, adapting each label to the particular needs of each client and country.

VISION

To be the most reliable supplier for customers, based on our commitment and transparency for the development of reliable and sustainable businesses over time.

MISSION

Ensure quality, competitive prices and results in all operations; being experts in the products we sell, deeply knowing the markets from and to where we are going; and encouraging our clients to diversify their target markets.

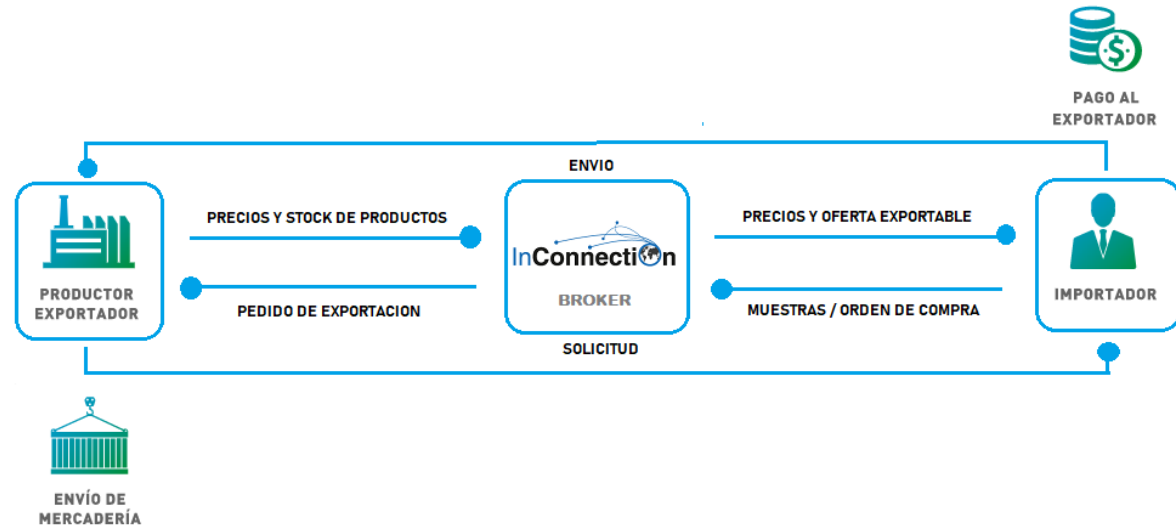

OBJECTIVES

Develop solid long-term business relationships with both suppliers and our customers, emphasizing in growth and mutual benefit; and always providing trust, transparency, market information and advice with responsibility and commitment.

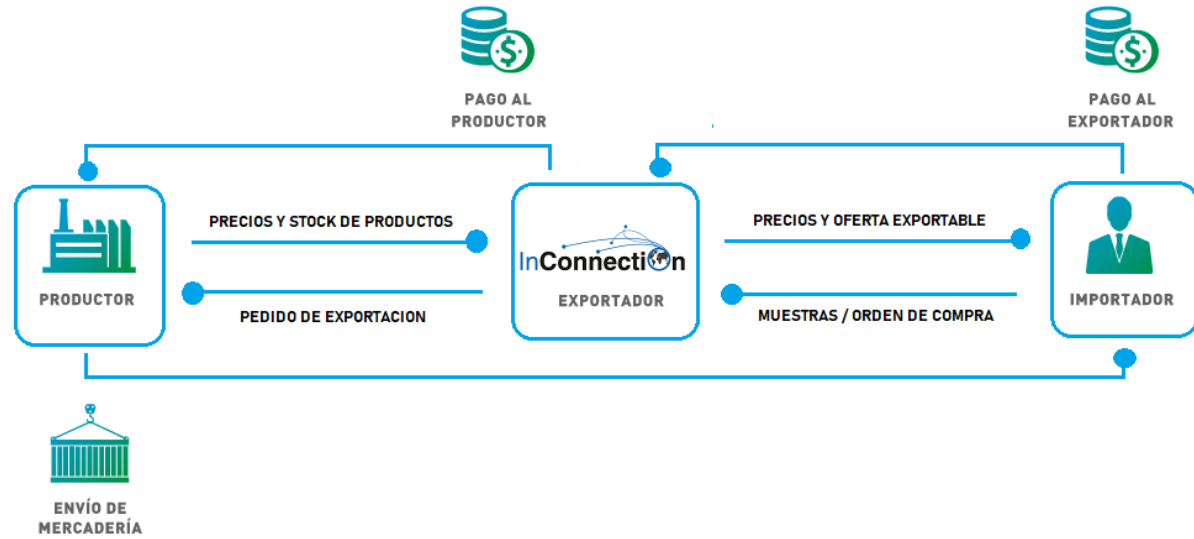

HOW WE WORK?

According to the needs of each supplier and client, we work in 2 ways:

1. Commercial representatives of the suppliers/Brokers:

2. Exporter/Traders:
