DESTINATION AFRICA 2022

THE 6TH EDITION

Destination Africa is an annual international pan-African B2B sourcing event for the textile industries in Egypt. It brings together the African Textile, Apparel, and Home Textiles manufacturers in ONE place with the international buyers to strengthen the business opportunities and trade activities on a global level. The event consists of a regional exhibition with African countries pavilions.

Destination Africa has witnessed an outstanding success with a growth of visitors since 2016, resulting in an increase in the exhibitors' number, the exhibiting space and the number of local, regional and international visitors. Therefore the past editions' impact has been recognizable leading to spreading and highlighting "Destination Africa's" name among the international buyers and exhibitors.

“ Thank you for the very warm and great reception and experience we and our team had at the event. The event is a good platform for collaboration and easy touch points with all the players in the region. We are excited for the future and what is possible.
