

## CHEMEXCIL TRADE MISSION in KOREA

### 2023 한국바이어 - 인도셀러 B2B 상담회 2023 KOREA Buyer - INDIA Seller B2B Meeting

#### □ 행사목적

한국-인도 양 국가간, 섬유, 석유화학, 일반화학, 화장품 그외 염안료 및 화학중간체 등 화학업계의 비즈니스 파트너십 강화 및 교류 형성

#### □ 행사개요

- 일 시 : 2023. 1. 12(목), 10:00 - 17:00 (예정)
- 장 소 : 서울 가든호텔 그랜드볼룸 A&B  
(서울 마포구 마포대로 58)
- 주 최 : 인도 기초화학, 화장품, 수출진흥회(CHEMEXCIL)  
Basic Chemicals Cosmetics & Dyes Export Promotion Council  
(set up by the Ministry of Commerce & Industry Government of India)
- 주 관 : (주)경연전람, 3SMG EVENTS
- 제공사항 : 참가비 무료, 주차 지원

#### □ 주요내용

- [기념식] CHEMEXCIL 환영사, 주한인도대사관 대사님 축사 등  
※ 프로그램 내용 포함(2페이지)
- [B2B상담회] 한국-인도기업 1:1 매칭 B2B 상담회
- 인도참가기업 (27개사)
  - 염료, 염료 중간체 (섬유, 가죽, 페이퍼, 잉크, 펄프, 화장품, 제약 등)
  - 기초, 유·무기화학 (Agrochemicals 포함)
- ※ 참가기업 세부 리스트 포함(3~28페이지)
- 참가방법 : (2023. 1. 3(화)까지 신청) 링크 접속 후 신청 [\[링크클릭\]](#)
- 문 의 : 전시사무국 (주)경연전람  
이혜윤 과장 T.02-785-4771 E. hylee@kyungyon.co.kr

회사 소개 COMPANY INTRODUCTION

Established in 1992, the company was born when its founder decided to start a synergy with chemistry, with the aim of producing dyes – which had formerly been a prerogative of a selected few. Our expertise at chemistry, our constant pursuit for perfection and our determination to deliver nothing but the best, has made us a name to reckon with. We harbor a state of the art manufacturing unit that gives us the freedom to chase whatever our clients demand.

### 회사 소개 COMPANY INTRODUCTION

Any business success is credited to a dream... The founder Late Shri Tilokchand C. Shah dreamt of setting up a diversified business in Specialty Chemicals with a humble endeavour after his successful presence in Stainless Steel segment since 1970s.

Brick by brick, over the years, the small setup launched in 1988 went on to become a name to reckon with in the Specialty Intermediates field.

Our future plans are based on our perception of growth in the demands of our products in the domestic and international markets. The key drivers of such growth are increased domestic consumption and global outsourcing trends in the leather, textile, paper, electronics, plastics, polymer, and printing industry.

### 회사 소개 COMPANY INTRODUCTION

Anupam Rasayan India Limited® is one of the leading companies engaged in the custom synthesis and manufacturing of specialty chemicals in India. Our business verticals are (i) life science related specialty chemicals comprising products related to agrochemicals, personal care and pharmaceuticals, and (ii) other specialty chemicals, comprising specialty pigment and dyes, and polymer additives. With our customers at the heart of everything we do, our focus is to manufacture products with sustainability using our continuous process technology through flow chemistry and photo chemistry, greater R&D and engineering capabilities to deliver values for our customers for their complex and multi-step synthesis projects.

We manufacture a variety of life science related specialty chemicals comprising products related to agrochemicals, personal care and pharmaceuticals. We manufacture agro intermediates and agro active ingredients for the agrochemicals industry which are used in the manufacture of, amongst others, insecticides, fungicides and herbicides. For the personal care industry, we provide, amongst others, anti-bacterial and ultra violet protection intermediates and ingredients. In the pharmaceutical segment, we focus on developing intermediates and 'key starting materials' for active pharmaceutical ingredients, and may also be used in, amongst others, material sciences and surface chemistry.

Our other specialty chemicals are used in diverse end-user segments, comprising specialty pigments, specialty dyes and polymer additives.

### 회사 소개 COMPANY INTRODUCTION

Evergreen Industries was founded by Jitendra Doshi, and has been in the field of manufacturing reactive dyes since last 20 years. We started with a monthly modest production of 6 metric tons which around 100 metric tons now. Our products are exported directly as well as indirectly across 5 major countries. We are specialist for ED Dyes, P series and some of the liquid dyes. We also offer all reactive dyes such as HE, ME, C and H with R.O strength. We have our direct associations with many MNC's in the reactive dyes field because of the high quality of our product. We manufacture specialized reactive dyes with high HPLC purity and solubility which are used in making digital printing inks.

### 회사 소개 COMPANY INTRODUCTION

Incorporated in 1989, Mahalaxmi Chemical Works, a Techno-Commercial Enterprise was setup under the aegis of Mr.R.V.Ghatnekar, a veteran in the dyestuff and dyes intermediates industry with rich experience of 40 years. His vast industry experience transcends across product research, product and technology development, manufacturing, local and international marketing etc.

Since last 23 years, we have been exporting Dyestuff and Dyes Intermediates to North Asia and Europe. In early 2011, the company successfully expanded its footprint in USA.

Mahalaxmi Chemical Works' main objective is to develop a dyestuff or pharma intermediate even if in small quantities for our overseas customers to meet their small scale requirement.

#### 회사 소개 COMPANY INTRODUCTION

Situated in the year 2002 at Anand (Gujarat, India), we “Nand Chemicals” are a Sole Proprietorship firm that is an affluent manufacturer and trader of a wide array of Chemical Liquid, Caustic Soda, Washing Powder, Phenyl Compound, Liquid Cleaner, Liquid Hand Wash, etc. We process these products as per the latest market trends and deliver these at users’ premises within the scheduled time-frame.

Shree Udyog liquid dyes are selected direct anionic dyes in liquid form suitable for application in fine paper and tissue.

We manufacture full range of colorants for coloring paper and paper products Shree Udyog liquid direct dyes is a product line designed and manufactured specially for paper coloration at various points. Liquid dyes can be used in virtually all areas of paper making due to their physical form, ease of handling and suitability in systems with online color control.

Excellent purity is required to ensure the stability. No sedimentation, precipitation or corrosion should take place which happens because of salt present in any form. This helps the product to possess excellent Shelf Life.
