CSR COMMUNITY OUTREACH

- Farmer Communities - At Wichy we strive to improve the lives of the community in which we function by assisting those in need. The farming estates from which we source our nutritious organic coconuts are primarily located in the coconut triangle of Sri Lanka which occasionally faces natural disasters such as droughts.
- Education - Since 2014, with the establishment of the “Sisu Senehasa Foundation”, the Wichy Plantation Company has provided scholarships to hard-working children at risk of not being able to complete their education.
- Staff Welfare - Employee welfare is a matter of serious concern at Wichy. As such, we treat them with respect and dignity, providing uniforms for all workers and flexible work arrangements whenever possible, to better suit their lifestyles.
