Introduction NAPOLI COFFEE

History Of Establishment & Development

Napoli Coffee was established since 1995 in the Highlands of high mountain and thick forest of Pleiku, Gia Lai - the capital of breeding, growing and processing coffee with long-term know-how. Through research and development, Napoli Coffee has successfully built coffee processing factories with modern cycle technology assembly.

Each of Arabica and Robusta bean is carefully selected, harvested in the prestigious coffee garden owned by Napoli Coffee in Buon Ma Thuot and Gia Lai. With the secret of traditional non-mixed roasting and grinding, Napoli can keep pure and natural flavor of coffee in its products.

Mission & Vission

MISSION:

Bringing Clean - Pure - Safe and Health Products

The experts of Napoli Coffee have studied and researched the traditional method of roasting and grinding, producing clean coffee products for your health and happiness.

VISION:

Become a global coffee brand

Target:

In 2021, it entered the TOP 2 of domestic coffee. In 2025 it will rise to TOP 1 coffee in the country.

NAPOLI INTERNATIONAL MANUFACTURE CERTIFICATE ISO 22000:2018

Napoli International Manufacture is located in Hoang Gia Industrial Cluster, Duc Hoa, Long An Province, invested in modern production lines, operating under a closed process.

Experts strictly follow the process of censoring input materials. Thanks to that, all products of Napoli Coffee always ensure food safety, clean and 100% pure.
