MANUFACTURING

Mattorgroup is ISO 9001:2015 certified

# AUTOMATION

We provide full industrial automation services from design work through mechanical and electrical assembling up to programming services

Pre assembly stations

Assembly base stations

Welding tools and machines

Semi-automatic workstations

Automatic workstations

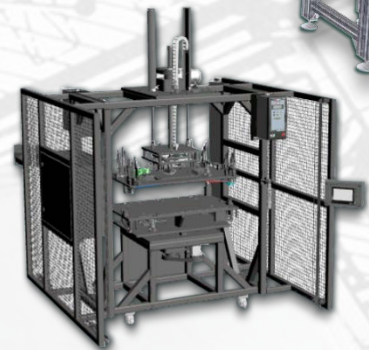

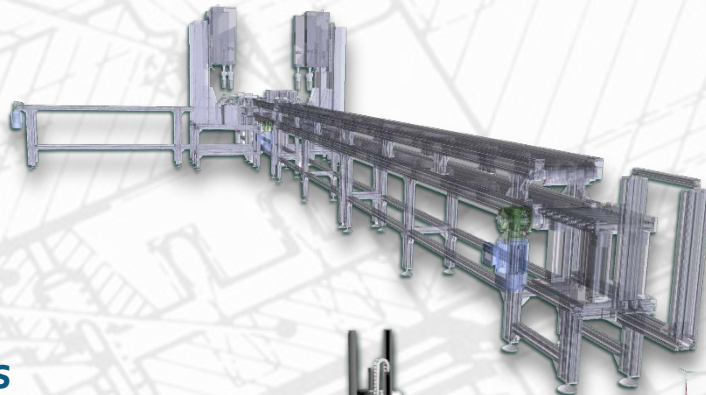

Camera control systems

Separate cells

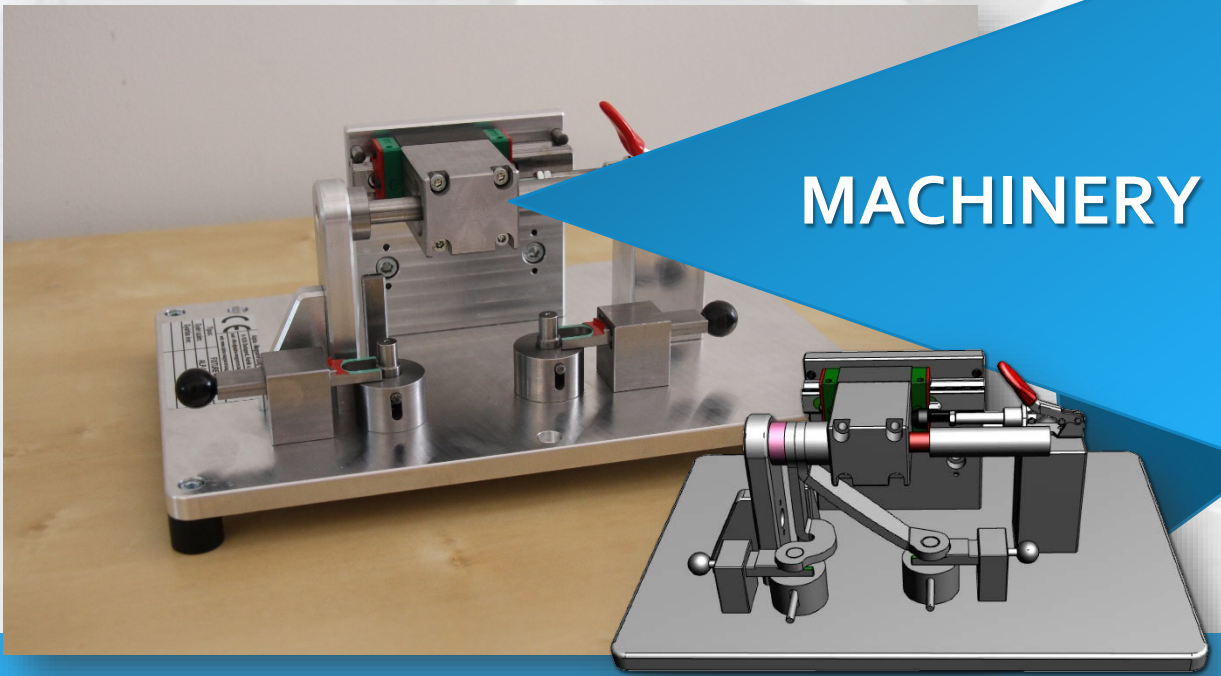

Conveyor belts

Drying tunnels

Production lines

# MACHINERY

Both our small and large, complex machines can be helpful at various production supporting tasks. We provide product and task specific design according to customer needs

Assembly fixtures  
-screwing, soldering

QC fixtures  
-measuring and testing

Tube bending fixtures

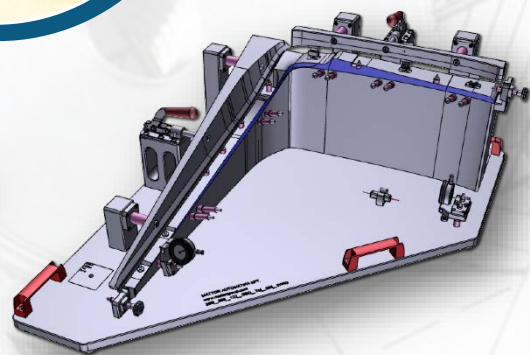

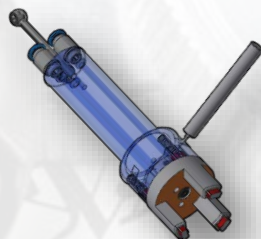

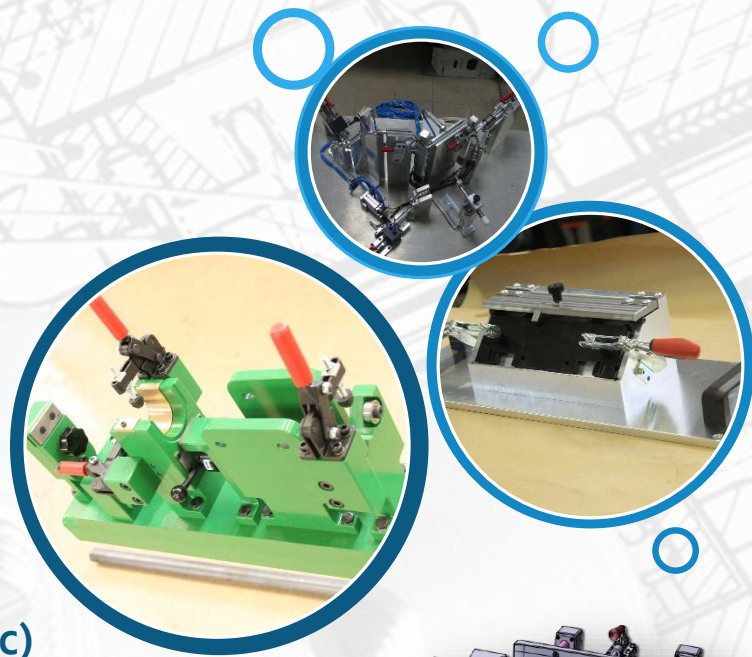

Welding fixtures

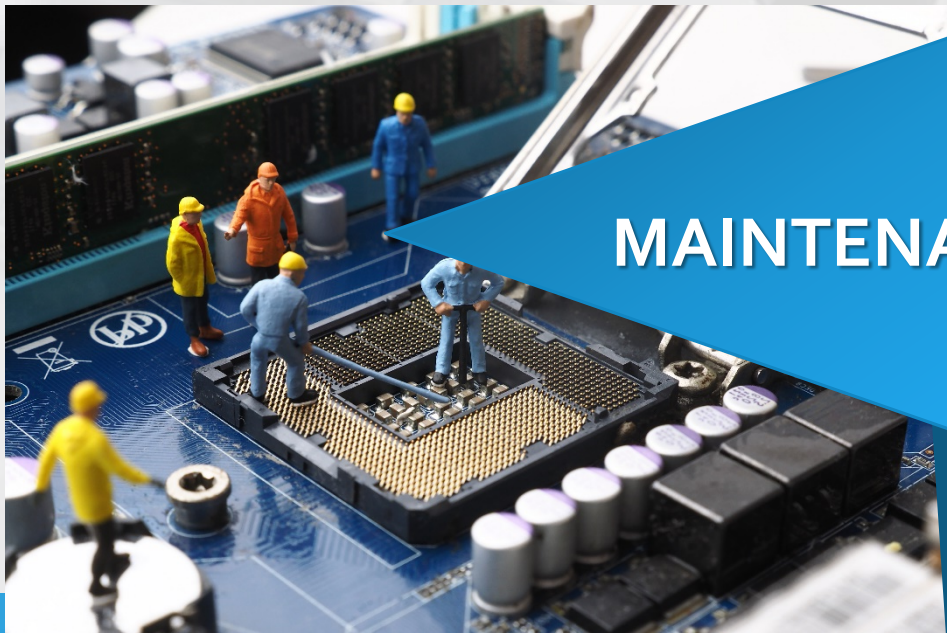

Welding machines  
(heat, induction, ultrasonic)

Portable hand tools

Hand presses

Punching

# MAINTENANCE

If efficient and undisturbed production is important for your company, our maintenance division can help! They're specialized in industrial machines, injection molding machines, press and milling machines maintenance

## Our services:

Engineering works

Mechanical locksmith works

Hydraulic and pneumatic systems installation

PLC programming, software development

Electric systems of machines

Safety technology solutions

Designing, re-designing and rebuilding of machines

Supplementation of electrical and mechanical pneumatic drawings

Machine status checking  
shock protection, fire protection,  
thermal imaging camera

## Total Productive Maintenance (TPM) types:

- Preventive, planned, regular
- Occasional, special case
- Predictable

# MANUFACTURING

In addition to supporting our own projects, we are already able to serve our customers and partners in manufacturing services with our 500 m<sup>2</sup> production site. We guarantee the best quality with a high level of production management system and outstanding professional background.

## Our production capacity:

### Machining center:

HURCO VMX50 – 3 and 4 axis

HURCO BMC30 – 3 axis

HURCO BM2416– 3 axis

HURCO VM1– 3 axis

HURCO VTXU – 5 axis

### CNC lathe machine

Gildemeister CT40

### 3D CM machine

Aberlink Axiom Too 1200

Contract manufacturing
