

OUR PRODUCTS

Fruits, dried fruits and vegetables, saffron, legumes, vegetables, nuts, fruit mashes.

Our company considers responsibility for food security towards society, by this reason we carry our activities in sphere of agriculture.

A range of company's subsidiaries have been established with purpose of agricultural development. For instance, **BMB Agro** and **BMB Agroklaster** are cultivating **16 types** of fruits and vegetables in **Arnasoy, Baxmal, G'allaorol** and **Sharof Rashidov** districts of **Jizzakh region**.

Apart from this, **BMB Shifo** specialized on cultivation of herbal plants, processing and production of essential oils in Baxmal district.

Main activity of **BMB Opera Zafferano**, joint venture with **Italian partners**, is production and processing unique herb – saffron. Output operations of this enterprise also occur in **Baxmal district**.

BMB Impex undertakes operations of regular exporting and importing fruit, vegetables and other products.

Each business partner has significance for us and we try for not being just an ordinary partner but reliable counterparts too. By this reason, considerable amount of our clients have had partnership relations with our company for many years.
