

Casa Felicitas

Copper and Wood Crafts

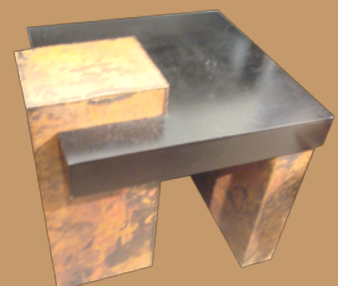

Casa Felicitas is a craft in hammered copper and wood, completely handmade created without the use of mass production machinery. Everything is based on hammered, creativity and wit.

The processes of preparation of metal are attached to traditional methods environment friendly and without the use of toxic chemicals.

The skilled hands of the artists of copper shape each piece individually, sometimes for months because of design complexity.

Casa Felicitas maintains the highest quality in every piece, from the exclusive designs to the manufacturing end of each work.
