COMPANY PROFILE

Ace Metals (Private) Limited was incorporated as a private Limited Company in February 2010.

Ace Metals is part of STC group which comprises Siddique Trading Company, a proprietary concern established in Oct 1996 and is engaged in General Trading, Indenting and Exports business and STC (Private) Limited established in October 2005 and engaged in exports of Non Ferrous Metals business

We have been devoting our utmost efforts to the customer in domestic and in overseas in the field of International Trading with special focus to Far Eastern Market since our Inception in 1996.

Ace Metals is involved in manufacturing of remelted lead ingots from used automobile batteries having annual production capacity of 3600MT. The plant was imported from India while other supporting equipments were imported from Italy.

Our extensive professional marketing capabilities in International Trade reflect our wealth of experience and our information and communication system provide partners with total confidence in project organizing, resource development, and other sophisticated aspects of international trade.

Through our Trading and Indenting infrastructure, we offer myriad programs and products in such diverse area such as Textile (Yarn & Fabric), Industrial Chemicals, and Plastic raw material, Scrap Butyl Inner Tubes, Steel, Metal and Non Ferrous Metal.

We represent some of the largest manufacturers and trading companies for steel, plastic raw materials and non-ferrous metals.

With the spirit of creativity, challenge and terms, we look forward to meeting all of our buyer's trade requirements and to mutual progress for prosperity.
