

International

Company's Profile

Alia International has been trading in textile machinery for over 2 decades. Through a well-organized network of agencies and sales representatives, we operate all around the world. The flexibility of our sales structure and a constant focus on quality customer service are the key factors of our success. An on-going commitment in providing good standard Textile machinery and excellent customer service combined with a careful attention to the quality of the post-sale services are the basic targets of our Organization.

Founded in 1983 by Mr. Azeez Allahwala (a Textile Engineer) we have now become the most reputable and the most distinguished company in Pakistan. Most of our business activities involve the fields of Spinning, Weaving, Dyeing and Finishing, Printing, Knitting, Embroidery, Geo Textiles, Industrial Textiles.

We enjoy a good reputation in local and International market and have been selling textile machinery in Pakistan for the last 25 years.
